Premium Comfort Area Rug Pad

- World's most comfortable non-slip rug pad.
 - Compatible with all rug sizes and types.
 - Safe to use on top of all flooring materials.
- Indoor air quality certified for a healthy home.
 - Premium high density latex rubber.
 - Does not support mold growth
 - Made in North America.

THE MOST COMFORTABLE NON-SLIP AREA RUG CUSHION IN THE WORLD.

Roll Dimensions:

- Each roll covers 49 square feet.
- Width 36", Length 196.2", Height 0.25".

How it Works:

Step 1: Multiply the length x the width of your rug. If you have multiple rugs add up the total square feet you want to cover.

Step 2: Divide total square feet by 49 (1 roll = 49/sf) to determine how many rolls you need.

Step 3: Make sure your flooring is clean and completely dry before installing Elevate rug pad. Unroll, mark, and cut Elevate rug pad to the desired size and piece together. No tape required. NOTE: Make sure to cut Elevate rug pad shorter than your rug on all sides, approximately 2", so the edges of the rug still touch the floor. Do not create a tripping hazard.

Important: Elevate rug pad is safe to use with all flooring materials. However, not all flooring materials are finished, cleaned or treated with the same products. Some flooring finishes or cleaning products can have adverse affects to rug pads, over time causing damage. Be sure to assess, manage and monitor this caution appropriately.

Example:

Number of Rolls	Total Square Feet	Number of Rugs	Rug Sizes	Balance (Runners and Mats)
1 roll	49	2	4 x 6	
1 roll	49	1	6 x 8	
1 roll	49	1	5 x 7	14 square feet
1 roll	49	1	5 x 8	9 square feet
2 rolls	98	4	4 x 6	
2 rolls	98	2	6 x 8	
2 rolls	98	2	5 x 7	28 square feet
2 rolls	98	2	5 x 8	18 square feet
2 rolls	98	1	8 x 10	18 square feet

Other popular rug sizes: 10 x 12 requires 3 rolls, 12 x 15 requires 4 rolls.
