

Dual Density Carpet Cushion with Memory Foam

PowerHold Dual Density Carpet Cushion is manufactured with one layer of commercially rated recycled rubber for long life and durability and one layer of memory foam for superior comfort and support. An ideal choice for high end carpet, including wool, PowerHold Dual Density Carpet Cushion will exceed your expectations and extend the life to your carpet

The Affordable Green Choice

- Produced with recycled tires to extend the life of the carpet
- Contributes to LEED® green building credits for recycled content, regional materials and low-emitting materials
- High performance backing contains materials from responsible reforestation program

Healthy Home

- Carpet and Rug Institute Green Label Plus approved for indoor air quality
- Contains Ultra-Fresh®, non-allergenic, anti-microbial
- Contains baking soda for added deodorizing protection
- Open cell rubber for air circulation to improve maintenance
- Noise reduction

Quality Assurance

- High density construction for superior carpet performance and comfort underfoot
- Superior performance backing for strength, durability and quality installation
- Can be installed above or below grade and over radiant heat
- Will not cause carpet to stretch and buckle

Warranty

Guaranteed for the useful life of the original carpet when installed wall to wall.
